

### **Nurse Practitioner Information Fact (3)**

**Question:** Do you know where to turn when your child is sick? When you're planning a family? For health education? When your parents need care?

**Answer:** Turn to a nurse practitioner. A Nurse Practitioner diagnoses, treats, prescribes and manages medications and treatments and provides a wide range of preventive and acute health care services to individuals of all ages.

Contact the [PEI Nurse Practitioner Association](#) to find a Nurse Practitioner in your area. You'll be glad you did.
